WEATHER  
Fair and mild tonight and Tuesday. easterly winds.

## MC COY HEADS PICNIC PLANS

County Teacher Meeting  
On Wednesday Will  
Discuss Participation

County School Superintendent K. W. McCoy has again been named chairman of the "May Day picnic" and the event this year probably will be held about May 12th.

Details concerning participation in the picnic program by school children of the county will be discussed at a meeting of the county teachers to be held Wednesday afternoon at Placerville Grammar school.

Mr. McCoy said he had recently been advised of his appointment as chairman of the picnic committee and that he has been asked to name his own committee.

Although the teachers will discuss the picnic, the real purpose of their meeting is in relation to school affairs for next year.

There will be but half a day of school on Wednesday, all classes dismissing at noon and at 2 o'clock the teachers will convene in an institute meeting at the grammar school auditorium. The business of this meeting will concern books and supply purchases for next year.

Then, at 4:15 o'clock, a meeting of the County Teachers' Association will be held, also at the grammar school auditorium. Along with the May Day picnic discussion, the meeting also will consider the library orders for next year, policies concerning the administration and supervision in giving tests in the schools, and special group problems.

## Regional Farm Meet Friday

6th District Chairman,  
Northside Speaker, Calls  
Attention To Conference

A meeting of the county Farm Bureaus, members of the Sixth region, which includes El Dorado County, will be held Friday at Marysville.

The attention of Farm Bureau members of the county was directed to the date at the meeting of the Northside Center, held Friday night at Penobscot school, at which C. J. Rolf, Jr., of Colfax, the regional chairman, was the principal speaker.

Mr. Rolf discussed problems which confront agriculture and declared his conviction of there being a need to raise farm prices to provide an adequate income. He pointed out that the farmer does not receive for the things he has to sell, an amount comparable to what he has to pay for the things he must buy, and that when the farm income is raised to be more nearly equal, it will be a substantial contribution to general national prosperity.

George Eberhart and L. R. Euler spoke concerning what water users of the Georgetown Ditch are doing in their efforts to obtain better water service. Talking motion pictures were shown, concerning work of the telephone company, through the courtesy of Walter V. Williams, telephone manager at Auburn.

Refreshments and a social hour closed the meeting.

## BROTHER OF FIRE CHIEF AT PACIFIC KILLED IN LANDSLIDE

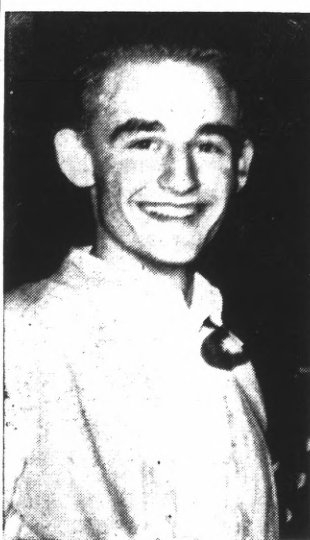

Charles Mainwaring, 43, brother of Sid Mainwaring, fire chief on Pacific District of Eldorado Forest, was killed Thursday last under a landslide of 500 cubic yards of earth and rock while engaged in road work in General Grant National Park.

One other worker, W. D. Fuller, 40, also was killed and fifteen others escaped. It was necessary for rescuers to work for about three hours before locating the bodies of the victims.

Mr. Mainwaring resided at Vindalia and is survived by his widow and three children.

## Daughter Is Born To Kyburz Family

Sammy Kyburz, son of Mr. and Mrs. Albert Kyburz, has a new baby sister. The baby was born Sunday night at a hospital in Sacramento and "everybody" is doing "just fine."

KENNETH CYRIL JUSTER, JR., for whom services were held on Monday morning from the Church of Our Saviour, in Placerville.

## JUSTER RITES HELD MONDAY

Inquest Tentatively Set  
For Wednesday In Case Of  
Youth, Apparent Suicide

The funeral services for Kenneth Cyril Juster, Jr., were held Monday morning from the Church of Our Saviour, the Rev. Rex A. Barron officiating. Following the rites, the body was removed to Sacramento for cremation.

Meanwhile Coroner A. J. Orelli was reported as having tentatively planned the inquest to fix the cause of death to be held on Wednesday evening.

Juster, 18, son of Mr. and Mrs. K. C. Juster, of near Diamond Springs, was found dead Friday morning by Fred Spriggs near the gate of the Juster farm.

The youth had died of a gunshot wound inflicted between the eyes. Nearby was a sawed-off double-barrel 12 gauge shot gun and on an otherwise unused envelope attached to the fence nearby was a note indicating the boy had committed suicide.

Until the mid-term, Juster had been a pupil at the county high school. Having earned credits sufficient for graduation, he withdrew from school and was expected to claim his diploma at the commencement exercises in the Spring.

His parents and one brother, David, survive him.

## EXCEPTIONS TO EXHIBIT AT WORLD'S FAIR TO BE REMEDIED

Reuel V. Whigham, one of El Dorado County's representatives on the board of directors of the Sacramento-Tahoe Region exhibit at the world's fair at Treasure Island, reported Monday morning that some of the geographical errors in the display have been called to the attention of the directors and that they will be remedied.

Over the weekend Mr. Whigham attended a meeting of the Sacramento-Tahoe Region directors during which several geographical errors in the display were pointed out to the board. Some of these related to El Dorado County and some to other counties.

It appears that the errors were the result of the artist's lack of intimate familiarity with the location of towns of the region. In any event, the Sacramento-Tahoe Region directors took steps to have the mistakes set right.

## Venue Change Denied In Road Matter

The appeal taken in behalf of R. H. Strosnider from the order changing venue in the action brought by the appellant against Ernest Pommin and others, to the Placer County court, has been granted by the Third District Court of Appeals.

Attorney Thomas Maul received word of the decision Monday morning. The original action was filed in this county and on motion of the defendants, venue was changed to Placer county, and the appeal taken was not on the major issue of the complaint, but on the order changing venue.

The principal action in the complaint concerns the plaintiff's effort to protect a right of way which he claims between Tahoe Cedars and Lake Tahoe across the property of the defendants.

## PLANE CRASH KILLS TWO

Coroner Orelli Goes To  
Sacramento For Testimony  
In Tragedy On Friday

Two official investigations are under way following a spectacular tragedy on Friday afternoon in which two Auburn residents were cremated in the wreckage of an airplane which caught fire and wrecked after hitting a high tension power line near the American River bridge between Cool and Auburn last Friday afternoon.

The victims were Winston Kindopp, son of Dr. K. M. Kindopp, and Garrett Lowell, son of Attorney M. Z. Lowell, of Auburn.

The circumstances that the plane landed, a flaming wreck, on the El Dorado County side of the American river, which is the county boundary, placed the coroner's investigation in this county and Coroner A. J. Orelli was at Sacramento Monday morning interviewing some of the people who witnessed the horrifying spectacle.

Inquiry in the case also is being made by the civil aeronautics authority.

Kindopp, 17, was a son of an "air-minded" family, his father being an enthusiast and several other members of the family also are reported as having flown the plane in which the two crashed. The ship was the property of Dr. Kindopp.

Dr. Kindopp had accompanied Dr. D. W. Babcock of Placerville on a flight to Chicago a year or so ago during which the two attended a national convention of physicians and surgeons.

Officials report that Kindopp was apparently at the controls of the ship for Lowell's body was thrown clear of the wreck.

The two were said to have left Auburn airport during the mid-afternoon for a sight-seeing trip over the North Fork debris dam and were flying low over the American River canyon when the ship struck the power line.

The plane crashed to the ground at a point on the canyon-side seen (Continued on page 4)

## Women Miner Club Speaker

Mrs. George King, Of  
Shingle Springs, Talks  
Before Pen Women

Mrs. George King, of Shingle Springs, was the speaker at the regular luncheon meeting of the Sacramento branch of the National League of American Pen Women.

Mrs. King, whose husband operates a Big Canyon dredge, spoke on modern methods of gold dredging. With the price of gold raised in the last few years from \$20 an ounce to \$35, Mrs. King said \$75,000, the price of a small dredger, was justified today by a gold output greater in 1938 than at any time since 1862.

"The lure of gold is as old as the Bible," the speaker said, "for even the children of Israel carried along their gold trinkets when Moses led them out of the wilderness, and eventually made them into a gold image which they worshipped."

"With all the wonderful climate and scenery we hear so much about today, California was not a garden spot to the world until 49 when gold was discovered," Mrs. King pointed out.

The speaker defended "doodlebug" mining from charges that it ruins land. She said: "Modern methods include leaving poor land in better condition, and our water does not pollute streams, for it is filtered daily."

The speaker pointed to many cases in her own experience where farmers with heavily mortgaged farms were either able to produce better crops on the "new" land or were greatly enriched by their 10 per cent take of the gold mined.

Mr. and Mrs. King live in a three room shack near the dredge, which she insists gives her great joy for, "there is always a bit of carpentering to be done, and I love to put up a shelf now and then." They have been in this one spot for two years and expect to stay at least one year longer.

Bits of quartz, nuggets of gold and a bottle containing samples of platinum from the mine were displayed by the speaker. She told her audience that the output of gold was shipped to Washington, D. C., in pound coffee cans, each one containing gold worth \$5,000.

## Clipper Skipper

Captain Harold Gray (above) is in charge of the Yankee Clipper, 42-ton, 74-passenger plane, which will be used in regular transatlantic passenger service, following its test flight to Europe.

## JACKSON FANS 13 BATSMEN

Merchants Beat McKinley  
Athletic Club Nine; Play  
Acme Transfer Sunday

Reggie Jackson's left arm fanned thirteen batsmen, and his mates hammered out a total of thirteen hits Sunday afternoon and the two circumstances combined resulted in a 9 to 3 win for the Merchants over the McKinley Athletic Club nine, of Sacramento. The game was played at Marcus P. Bennett, Jr., Memorial Park.

Next Sunday, unless present plans are altered, the Merchants will be hosts to the Acme transfer nine, also from Sacramento. The Acme lads were reported as scheduled here last Sunday but the error in the announcement resulted from the change necessary in the schedule owing to one game being rained out earlier in the season.

Jackson was rather sparing in serving up hits for the McKinley lads and yielded only six, three of which went to Schatelli, the center fielder, who was at bat five times.

If Schatelli was the star of the McKinley batsmen, then Steinger was their star fielder, for the lively shortstop took ten chances and made them all look easy.

Thomas hit three for four for the Merchants and Louis Neal three for five. Goodwin hit 500 for the day and Mister Jackson also was heard from in the batting department, getting two in four.

Umpire Sam Horn was called upon during the game to settle a dispute concerning the location of the right field foul line and despite much palaver, Sam ruled the foul line was just inside of where the bill hit.

## SLY PARK SCHOOL SITE CHOSEN BY TRUSTEES

Floyd Poole, one of the trustees of Sly Park school district, was in town from Pacific House Monday morning conferring with County School Superintendent K. W. McCoy on the district's plans for a new building.

The site of the new building, Mr. Poole said, will be on the right of the highway approximately half a mile west of Pacific house resort and almost opposite the summer residence of Mrs. Sarah Sexton.

Trustees of the district are in communication with the state department on schoolhouse planning and hope to perfect their plans in the near future.

## STATE BUDGET BATTLE RAGES

Matter Special Order  
Of Business Monday  
Afternoon At Capital

SACRAMENTO, (UP)—Both democrats and republicans today predicted victory as the state assembly resumed a bitter floor battle prior to the crucial vote on Gov. Culbert Olson's \$557,000,000 biennial budget.

With the twice-postponed budget argument coming up as a special order of business at 2:30 p. m., both factions "turned on the heat" to force—and win—an early vote.

The Olson forces admittedly were on the defensive. Majority passage of the budget requires 34 votes and some of the 44 democrats are known to lean toward the republican economy bloc.

Republicans enjoy another advantage in that only 41 votes are required to insert amendments to the budget, only five more than the total of 36 GOP members. More than 200 amendments are proposed by the republicans to effect savings of more than \$30,000,000.

Paul Peek, Long Beach Assemblyman and speaker of the lower house, heads the democratic state central committee after a weekend conference of the executive board here.

Peek succeeds John Gee Clark, a former Long Beach Assemblyman, who was appointed by Gov. Culbert Olson to the chairmanship of the board of prison terms and paroles and counselor for liquidator of the defunct California Trust and Savings Bank of Sacramento. Clark resigned his democratic post Saturday.

## Summer Camp Opening Set

Sacramento's Municipal  
Vacation Resort Will  
Have Ten-Week Season

SACRAMENTO — J. B. Maloney, the city superintendent of recreation, announced that Camp Sacramento, the municipally owned and operated mountain resort, will be opened July 1st.

The camp, usually open for a period of eleven weeks, will close August 27th. Maloney said the reduction to a ten weeks' session is to eliminate the loss usually suffered during the first week of camp in June.

Maloney believes that by opening later, when the vacation periods are in full swing, the camp will have a capacity guest list from the start.

## Around Our Town

Justice of the Peace T. F. Lewis officiated Saturday morning at the marriage of George Aradize, 40, and Melvina Gonzales, 25, both of Placerville.

Mr. and Mrs. John Worthey, of Placerville, are the parents of a son born Friday at a Sacramento hospital.

Mr. and Mrs. James Parnell, of Placerville, are the parents of a daughter born Friday at a Sacramento hospital.

C. E. Tingley, of Long Beach, arrived Saturday to spend about two months with Mr. and Mrs. A. Neistrum, of Pleasant Valley. Mr. and Mrs. Neistrum met Mr. Tingley in Placerville.

Mr. and Mrs. Dewey King and son, Duane, who have been living in town during the winter season have moved to their home at Pollock Pines.

Glendale Mourtson, district president of the L. D. S. Church, is here for a short vacation with friends from his headquarters in Reno, Nevada.

Officers and teachers of the L. D. S. Sunday School, held their regular meeting last Thursday night at the home of Mr. and Mrs. Perry Hatch of Fruit Ridge.

Mr. and Mrs. Ben Horning, of La Habra were here Sunday visiting Mrs. Horning's sister, Mrs. J. L. Wilkinson and family.

A suit was filed Saturday in the Superior Court at Sacramento in behalf of William Billing against Joseph C. Beach claiming damages of \$20,332 as arising as a result of an auto crash on March 6, near Polson.

## Soviet Judge

Among those holding high Soviet post of Peoples' judge is this young mother of two, Maria Greshka of Moscow. In addition, Mme. Greshka engages actively in social work and is a frequent lecturer on court procedure and on the intricacies of law.

## STATE FUNERAL FOR SEN. LEWIS

Illinois Solon Who  
Died Last Night Was  
Formerly Dish Washer

WASHINGTON, (UP)—The senate will conduct a state funeral tomorrow for James Hamilton Lewis, soldier, diplomat and statesman—ex-dish washer, dock laborer and a political Beau Brummel, too.

Senator Jim Ham died last night in Garfield Hospital of a heart attack, and congress lost its only genuine daddy.

The funeral will be conducted at 11 a. m. or noon tomorrow in the senate chamber—the area where Lewis exerted no small influence in affairs of state, where he preened his graying red whiskers and enraptured the galleries with flowery speeches in the grand manner. President Roosevelt, the cabinet, members of both houses of congress, diplomats and other notables were invited to the services. Burial will be in Arlington.

As a preliminary mark of respect the senate arranged to adjourn today immediately after hearing a formal announcement of Lewis' passing.

His successor, to be appointed by Gov. Henry Horner of Illinois, is virtually certain to be a new dealer.

## DYER ACT CHARGES FACE RENO YOUTHS IN PERKINS CAR THEFT

Three Reno youths who are alleged to have stolen the automobile of Percy Perkins last Thursday night, were arrested at Sacramento Saturday night by the state highway patrol auto theft detail as they climbed off a freight train and were turned over to federal authorities to face charges of violating the Dyer act, involving the inter-state transportation of a stolen automobile.

The boys are Bud Mallett, J. Boddy and Robert Haight.

They drove into Placerville Thursday evening in their own car, which they abandoned here, and alleged to have taken the Perkins car to Reno and to have abandoned it there.

On information gained by Traffic Captain Brewster, it was possible to trace the youths to a freight train on which they were again enroute to California. Brewster has been advised that they have confessed taking the Perkins car.

The Perkins car, recovered, was returned here.

## Junior Auxiliary To Install Tuesday

Preparations are being made by the Junior American Legion to install newly chosen officers at a meeting on Tuesday evening at the War Veterans' Memorial Building. Distinguished visitors will include Mrs. Merle Wright, of Sacramento, district junior chairman, and Margaret Nunemaker, also of Sacramento, district educational chairman.

## 4-H CLUB FUN NIGHT TO BE APRIL 22 AT COLOMA HALL

The annual "fun night" of the county 4-H Clubs, which had been planned originally to be held on April 29, is now set for April 22.

The meeting will be held at the Community Hall at Coloma, according to Vinton Veerkamp, chairman of the 4-H Club Council.

## EUROPE FEARS WAR NEAR

Duce Sends Troops By  
Air To Frontier; Britain  
Recalls Naval Officers

WASHINGTON, (UP)—President Roosevelt, alarmed by events in Europe, returned to the capital today and received last-minute reports on the situation from Secretary of State Cordell Hull even before leaving his special train.

By JOE ALEX MORRIS  
U. P. Foreign News Editor

Europe stood guard today, fearing that this may be the month—or week—of the long-expected showdown on war or peace. The atmosphere abroad was more tense than at any time since Munich.

Seeking to seize the initiative from the dictator bloc, Britain recalled naval and air forces from Easter leave to the Mediterranean and suddenly ordered his majesty's warships out of Italian ports.

Premier Benito Mussolini sent his soldiers by land and air to the nervous Greek and Yugoslav frontiers and called upon more reservists at home to boost fascist men-in-arms toward the million mark.

France, which has been steadily increasing her armed forces, agreed with Britain on strengthening of the Mediterranean defense points and the two nations may demonstrate off Corfu to warn Italy away from Greece.

German troops, moving in small groups within the frontiers of the Reich, aroused fears of Poland, Belgium and Holland, but Nazi officials insisted that there was no concentration of aggressive strength at any point and indicated that the major totalitarian reply to the democratic "peace" front should not be expected before Adolf Hitler's 50th birthday on April 20.

## KING AND 130 FLEE

ATHENS, (UP)—It was announced today that King Zog and Queen Geraldine of Albania will arrive today in Volo, in eastern Greece, and will proceed from there to the summer resort Protaria, where they will remain until their departure, probably soon, for a destination believed to be Egypt.

They spent the night in their special train in the town of Larissa and afterward went to a hotel there. The Queen and the infant Prince Skander were reported in good condition.

Zog's entourage now totals 130.

## Easter Frolic At Capitol

50,000 Children And  
Adults Gather On  
White House Lawns

WASHINGTON, (UP)—Thousands of carefree children frolicked in the front yard of the White House today while President Roosevelt came home to study ominous reports from war-frightened Europe.

Under the bright sunshine of a perfect spring day, approximately 50,000 children and their adult companions will roll at least a quarter of a million easter eggs across the White House lawns before the egg rolling party ends tonight.

Mrs. Roosevelt played host to the children. She toured the grounds shortly before 11 a. m., greeting the thousands of early arrivals. President Roosevelt arranged to greet the egg rollers shortly after noon.

Five boys' bands, a Punch and Judy show and a magic show were in operation as the fun began.

## District Attorney At Office Short Time

Twenty pounds lighter than he was a week ago, District Attorney Henry S. Lyon spent a short time Monday morning at his office. Mr. Lyon was forced to leave the office Wednesday for treatment by a specialist of an infected tooth which had broken off partially when an attempt at extraction was made by a local dentist.

The remaining part of the troublesome molar was taken out at a Sacramento hospital by a specialist last Wednesday. Mr. Lyon said he still has some soreness in his jaw. The aggravated swelling has been greatly relieved and the district attorney hopes to get back to the regular routine in a few days.

**THE Book Mark**

By JANE VOILES

A look at the calendar reminds us that Hammock reading days will soon be here. Whit Burnett in his book "The Literary Life and the Hell With It," is irritated by many kinds of so-called hammock reading. He would ban the confession novel and the short stories about too-trusting girls. Chronological novels that begin back in 1739 and march in a grave or gay pace to 1939 along with proletarian novels by authors who hate the proletariat also come under his ban. Other examples of "hammock writing" that should be abandoned according to Mr. Burnett are farm novels. Whether the author spent a summer on a farm or was actually raised on one doesn't seem to cut any ice. Imitations of Saroyan, action novels about murder, lynching and strikes, ghost stories, novels about the author's childhood, stories about liberals who became radicals all of these meet with his disapproval. At least he does leave us novels about doctors, Cinderella stories, and triangles.

The Grade A hammock novel for the spring we venture to say will be Margery Sharp's "Harlequin House." Margery is modern and very much in the tempo. Did you read her "Nutmeg Tree"? A new edition is coming out this month. G. B. Stern of "Matriarch" fame has a new novel "There's a Woman in the Hall." It is about a demure, pleasant lady who is, of all things, a swindler. John Steinbeck's new book "Grapes of Wrath" may be too serious for hammock reading but it is very timely, dealing with migratory ranch workers who come to California expecting to find the promised land. Margaret Armstrong who wrote the popular "Fanny Kemble" has turned to writing "Whodunits." Her first is "Murder in Stained Glass." There is a new novel about a not-too-hackneyed subject, a group of war veterans in a New England soldier's home. It is by Millen Brand who wrote "The Outer Room," a book that achieved popularity a few seasons ago and it is called "The Heroes." Woodhouse fans will welcome his latest "Uncle Fred in the Springtime." Admirers of the late Thomas Wolfe will be glad to know that the novel he completed just before his death "The Web and the Rock" is to be published in the spring.

If you prefer non-fiction for your hammock reading, the new offerings are even better, so we think. The daughters of Lin Yutang, Adet and Anor, aged 15 and 12, have written a book called "Our Family." If the daughters reflect any of the father's gaiety and wisdom, their book should be worth reading. Courtney Ryley Cooper has done a sensational book on "white slavery" today calling it "Designs in Scarlet." It may be squirmy reading for some readers and for others it may be a revelation. Dr. Ann Walter Fearn who is now living in Berkeley has written her autobiography "My Days of Strength." It is the account of an American woman doctor's forty years in China, from the days of the Boxer Rebellion to the time of the first Japanese conquest. Carl Crow whose recent books on China have made him an authority, writes that Dr. Fearn is "the best-known and best-loved woman doctor in Suez and the China Coast." If you are interested, Dr. Fearn is going to talk at the Paul Elder Gallery in San Francisco, Saturday afternoon April 22nd.

There is a new biography of Helen Hunt Jackson by Ruth Odell. We are anxious to see it as it may settle once and for all in which one of the twenty-odd Spanish ranch houses in southern California Helen Hunt Jackson wrote "Ramona."

Dr. Victor Heiser who is responsible for the influx of Doctor books is keeping up the good work with a new one "You're the Doctor." In this book he tells about ordinary healthful living, diet, exercise, etc. It may be successful to such an extent that the reading public may be able to get along without a doctor. Then the profession may take to writing in good earnest.

For re-reading in the hammock, we suggest Emily Bronte's "Wuthering Heights." A new edition of the book has just been issued (75c) as a demand is expected with the release of the movie of "Wuthering Heights." "Tristram Shandy" is a good one for hammock reading, and so is "The Hound of the Baskervilles" (Conan Doyle). We are going back to one of our favorites that requires the minimum of mental effort, it would probably give Wm. Burnett a pain but then much that he writes gives us one too, so we don't care. The book is "Elizabeth and Her German Garden."

**NEWS PERSONALS**

Mrs. Lela Vaught was in Sacramento Monday.

Thirty-seven members of the Placerville Latter Day Saint's Sunday School, which now has an enrollment of ninety, formed a caravan and journeyed to Roseville Sunday to take part in the Easter Church services held at that city. Following the Sunday School a picnic was enjoyed in Veterans' Memorial Park.

Joe Schwartz and Edwin F. Smith, who left town Tuesday of last week for an unannounced destination, were reported in Albuquerque, New Mexico, on Monday, alive, well and happy and in the care of "Cap." Smith, formerly of Silver Lake and now with the United Airlines, who was trying to persuade them to get both feet off the ground and see the country with him.

**CLAY MODELING TEACHER EXAMINATION TO BE HELD MAY 13TH**

SACRAMENTO—The position of Instructor in Clay Modeling and Pottery Making in the state service offers an opportunity to see the International Golden Gate Exposition while working on Treasure Island. An examination for this position will be given May 13 Louis J. Kroeger, executive officer of the state personnel board, announced. The job, which pays \$130 a month, exists now only at Treasure Island, but at the close of the exposition may be continued at the Industrial Home for the Blind, Oakland.

Applicants must have had education equivalent to that represented by completion of the twelfth grade supplemented by one year of training in art work and one year of experience in giving instruction in clay modeling and pottery making. Applications can be obtained from the San Francisco, Los Angeles or Sacramento offices of the state personnel board and must be filed not later than May 6.

**MECHANICAL ENGINEER EXAMINATIONS MAY 13**

SACRAMENTO—Mechanical engineers who have had heating and ventilating experience are needed in the state service. An examination for Associate Mechanical Engineer, \$260 a month, will be held May 13. Louis J. Kroeger, executive officer of the state personnel board, announced today.

In addition to education equivalent to that represented by graduation from college with specialization in mechanical engineering, applicants must have had three years of engineering experience one year of which must have been in designing mechanical installations for building and industrial plants.

Bulletins and application forms can be obtained from the branch offices of the State Personnel in San Francisco or Los Angeles or from the headquarters offices, 1025 P St., Sacramento. Applications should be filed not later than May 6th.

## NATIVE SONS OF THE GOLDEN WEST ENDORSE CALIFORNIA PUBLIC SCHOOLS WEEK OBSERVANCE, OPENING APRIL 24

All parlor of the Native Sons of the Golden West were yesterday urged to participate in observances of Public Schools week, beginning April 24, when Joseph J. McShane, grand president, issued the following official statement:

"The Native Sons of the Golden West take pride in the heritage of California's history handed down by our pioneer fathers and perpetuated by us.

"One of the great California accomplishments is public school advancement, from the time of the first drafting of the State's Constitution. California's free public school system is today outstanding in the nation. Not a single school was permitted to close in this state during the depression, evidencing the high regard in which the people hold their schools.

"Annually the attention of parents and the public generally is turned to our schools through the observance of Public Schools Week. This year the observance will be held during the week beginning on Monday, April 24. Last year more than a million people visited their neighborhood schools during the week.

"It is to be hoped that that record will be even greater this year. In this manner the people keep in touch with their schools and appreciate more thoroughly the sound work the schools are doing in preparing our youth for the responsibilities of future citizenship.

"Members of the Native Sons of the Golden West throughout the state will give their fullest cooperation in making the week's observance notably successful."

## CITRUS GROWERS BOOST FRUIT SALES BY ADVERTISING

LOS ANGELES, (AP) — Valencia orange growers were promised "better prices and improved returns" on the 1939 crop by the California Fruit Growers Exchange today.

Advertising Manager Russell E. Eller of the Exchange made the prediction on the basis of a considerably smaller crop than last year. The Exchange will spend approximately \$600,000 for advertising the crop in newspapers and other media, Eller said.

The amount is figured on the basis of 5 cents a box for the 1,200,000 boxes of Valencias expected to be harvested this year.

Eller said the Exchange is also planning a summer campaign in newspaper supplements to promote lemon sales.

**FORTY-FIVE YEARS** of service with the Crown Zellerbach Corporation and predecessor companies is the record of Louis Bloch, who was honored guest at a luncheon given by the company Saturday at Treasure Island. Mr. Bloch is chairman of the company and a director of the Golden Gate Exposition.

## Veteran Worker Is Honored

Louis Bloch Completes 45 Years Of Service In Paper Industry

Crown Zellerbach Corporation day was celebrated at the Golden Gate International Exposition on Treasure Island on April eighth at a luncheon given for the purpose of tendering Louis Bloch his 45-year pin for continuous service with the Crown Zellerbach Corporation and predecessor companies.

Mr. Bloch, who is chairman of the board of the corporation, and a director in the Exposition, gave up the study of medicine to enter the bag plant of the Crown Paper Company in San Francisco in March, 1894, his first duty being the tying up of paper bags.

Tributes to Mr. Bloch were paid by W. R. McHaffie, Los Angeles, who wears a 45-year pin, and David J. Goldsmith, secretary of the corporation, who has served continuously for more than 30 years.

The service pin was presented to Mr. Bloch by Mrs. Ludwig Schwabacher, widow of the late Ludwig Schwabacher, who was general manager of the Crown Paper Company at the time Mr. Bloch entered the bag plant in 1894.

Mr. Bloch recalls that it was "at seven o'clock one morning in March, 1894, when I walked into the paper bag plant of the Crown Paper Company in San Francisco, donned a pair of overalls and began tying up paper bags, working long hours for the magnificent stipend of seven and one-half cents an hour."

Today the Crown Zellerbach Corporation has an annual producing capacity of 500,000 tons of paper and in addition owns fifty per cent control of Fibreboard mills which have an annual capacity of about 200,000 tons of boxboard and boxboard products. There are approximately 20,000 stockholders and an employee census of about 10,000. The yearly payroll exceeds twelve million dollars.

Mergers of pioneer Pacific Coast paper concerns evolved the Crown Columbia Pulp and Paper Company, and in 1907 Louis Bloch was placed in full charge of its affairs. Subsequent mergers evolved the Crown Willamette Paper Company. In 1928 a merger of this company with the Zellerbach Paper Corporation was made, the corporation name changing to the Crown Zellerbach Corporation.

I. Zellerbach, chairman of the executive committee of the corporation, entered the paper business in San Francisco in 1888. His enthusiasm and genius were mainly responsible for the growth of the Zellerbach Corporation of which his father, Anthony Zellerbach, was the founder.

J. D. Zellerbach, son of I. Zellerbach, is president of the Crown Zellerbach Corporation.

## Mrs. Sherwood Named Township Judge

JACKSON, — Mrs. Cecelia Sherwood will serve as justice of the peace of Plymouth Township and will take the place of her deceased husband, Roy M. Sherwood. She was appointed by the board of supervisors to fill the unexpired term on the motion of Supervisor I. P. Ostrom of Fiddletown.

## AROUND OUR TOWN

Mr. and Mrs. John Thomas of Garden Valley, are the parents of a son born Saturday at a Sacramento hospital.

Hobart Smirt and Gail Casebeer were in Tuolumne County Saturday in a survey of wheat crop compliance in the 1939 crop by the Agricultural Conservation Association.

Everett Haslam, secretary of the Agricultural Conservation Association, was in Tuolumne County on Monday on association business.

The birth of a son, Jerry Delbert Wentworth, to Mr. and Mrs. Walworth Rodman Wentworth, of Diamond Springs, on April 1, at Placerville Sanatorium, was of record in a certificate on file Monday at the courthouse.

Mr. and Mrs. A. R. Sargent, of Shingle, are the parents of a daughter, Renata Felice, born on March 29, according to a certificate of record Monday at the recorder's office.

Mr. and Mrs. Roy Doris Burnett, of Georgetown, are the parents of a daughter, Ramona Lee Burnett, born on April 1, says a certificate on file Monday at the courthouse.

Mr. and Mrs. Floyd Matlock, of Camino, are the parents of a son, Perry Stanley Matlock, born April 3 at Placerville Sanatorium, according to a certificate which is on file

at the courthouse.

Orrin Shellock, 19, charged with burglary, was bound over for trial in the Superior Court Monday morning at a preliminary hearing before Justice of the Peace T. F. Lewis and bail was set at \$200. He is alleged to have stolen two guns from a residence at Shingle Springs.

Roy Crosby, 53, of Camino, was arrested over the weekend under charge of petty theft and held for a hearing before Justice of the Peace Amy Drysdale, at Georgetown.

Pat Wimberly, 28, charged with assault and Battery, was fined \$90 and sentenced to jail for 40 days in lieu thereof, at a hearing in Police Court Monday morning. His

troubles are attributed to a family quarrel.

Mr. and Mrs. E. D. Meyer are spending this week on vacation in the Bay district and having a look at Treasure Island.

A certificate of record Monday at the courthouse shows that the two sons born to Mr. and Mrs. Paul Williams on April 1 at Placerville Sanatorium have been named Robert Bruce Williams and William Charles Williams.

Firemen were called Friday afternoon to a residence on Sacramento street owned by Clarence Pratt, to extinguish a small roof fire.

The all-girl orchestra again opens the radio week with their half-hour program over station KGO at 6 o'clock at the same time, the usual radio theater on KSFO. Eddie Duchin is billed for his regular 6:30 engagement on KPO.

At seven o'clock, the contented program on KPO and Guy Lombardo on KSFO, followed by Eddie Cantor.

Eight o'clock finds Amos and Andy at KSFO, followed by Lum and Abner on the same station, and then by a minstrel. The voice of that tire manufacturer at 8:30, KPO.

Cavalcade at 9 o'clock, KSFO, and at 9:30 for KPO listeners, Al Pearce and company.

Mr. and Mrs. Vernon Hirst and two children were here from Roseville over the week-end visiting with the latter's parents, Mr. and Mrs. Lester Longhurst.

## THE VALUE OF HEALTH

This Is The Twelfth In A Series Of Articles By DR. HENRY YEE, D. C.

"Health is the greatest of all possessions, a pale cobbler is better than a sick king." —Bickerstaff. Since the beginning of time, mankind has been handicapped by the shortcomings of the human body. In countless numbers of cases, humanity has been deprived of the writings of a literary master, the research of a brilliant scientist, or the melodies of a musical genius through his early and untimely death. The phrase, "He died before his time," implies a tragedy which reaches further than the anguish of the moment.

Everyone realizes these things, yet a little close analysis reveals that man, in the hurry of modern day living and the struggle to attain financial independence, is all too often grossly neglectful of his own health. A wise farmer will carefully supervise the housing and feeding of his prize cattle and sheep, will give much thought and effort to the well being of his poultry and rabbits, and will provide regular and thorough inspection of all his livestock by a competent veterinarian. Even the city dweller, unversed in the intricacies of animal husbandry, knows that his pet dog or cat should have regular medical attention.

Strangely enough, these same men, who realize the importance of healthy bodies for livestock and pets, are prone to neglect their own God-given bodies. They become so absorbed in attaining fame, in building up a business, or in the pursuit of pleasure, that they neglect their own health. In a great many cases men have sacrificed their objectives after years of struggle, have the peak of their triumphs, they are unable to enjoy them, their bodies, weakened by years of neglect, have broken down. These men, through better experience, know that nothing can take the place of health.

Health is the greatest wealth, a treasure more valuable than any fortune or fame, and the getting and keeping of perfect health should occupy a position of extreme importance in the plans of any straight thinking person. There is nothing more enjoyable in life than a strong, beautiful, healthy body controlled by a well balanced mind. Good health, anything else is possible. Health is the key that unlocks the door to success and which enables those who have not yet attained success to face life with a smile and with hope in their hearts. Witness the Neverses of the South. They have no money—many are without jobs. Their clothes are tattered—yet they are happy because they are endowed with health.

Dr. Henry Yee can improve your health if you are ailing and can give you health insurance if you are now healthy. Dr. Yee attacks your health problem in a scientific manner. He believes that in order to eradicate a disease one must first discover its cause by examination and analysis. Once this cause is discovered Dr. Yee removes it. The disease must then disappear. Now is the time for every person to look after his health. If you have been suffering from ill health and others have failed to succeed where others have failed. If, at the present time, you are enjoying good health, go to Dr. Yee and arrange for a regular periodical examination. Provide yourself with the cheapest of all health insurance.

## FOLLOWING TESTIMONIALS THIS YEAR

Hundreds of more happy patients will send in like testimonials before 1939 is over.

### Kidney Trouble

To Whom It May Concern: I am more than pleased to testify to anyone interested that I have obtained excellent results from Dr. Henry Yee's herb treatments. I am a man 32 years old and suffered with kidney and liver trouble with severe back and abdominal pains for a long period. I tried several methods to obtain relief, but was unsuccessful until I started Dr. Yee's system of Herb Treatments. I obtained relief after the first treatment and as I continued the course my condition improved. Today I feel well and robust for a man of my age. And I give full credit to Dr. Yee. (Signed) L. E. GRACE, Rt. 2, Box 50, Placerville, Cal.

### Rheumatism

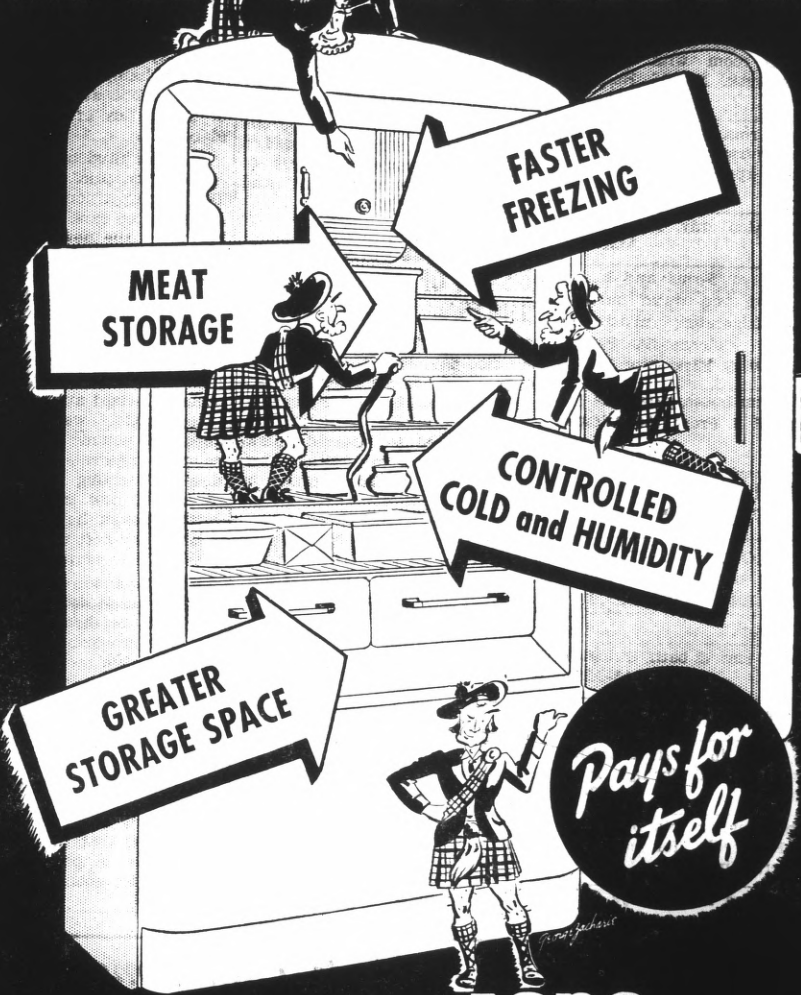

To Whom It May Concern: For a year I suffered terribly with rheumatism in my shoulder, leg and joints, in fact, my whole body bothered me. Oftentimes I could hardly move from my bed and was unable to attend a picture show for fear I couldn't get up out of my seat. I tried several things for relief but to no avail. Finally a friend of mine, Mrs. Edna Ervin, of 3254 9th Avenue, told me of the wonderful results she had obtained from taking Chinese Herbs from Dr. Henry Yee, D. C. (Mrs. Ervin suffered from a breast infection) I immediately decided to take Mrs. Ervin's advice and see Dr. Yee. It was a wise move. After taking Dr. Yee's herbs for two weeks I began to improve and now the pain has left me entirely. I am over 70 years of age and feel fine, thanks to Dr. Yee. I recommend him to all sufferers of rheumatism. Sincerely, MRS. L. BELL, 3217 9th Ave.

## THE INSIDE FACTS

## OF THE 1939 ELECTRIC REFRIGERATOR

There has been a vast improvement in electric refrigerators in the past five years. The Inside Facts are that the new 1939 Electric Refrigerators freeze ice faster and more of it, have greater storage space and use only half as much current as old style models.

Controlled Cold plus High Humidity, another important Inside Fact, means greater food savings than ever before. Perishable foods are not only saved from spoilage but all their vital food values are kept in natural, juicy goodness. With Controlled Cold and Humidity even left-overs stay as fresh as when first prepared, without drying out or changing color.

Follow the lead of economy-wise housekeepers. Save money with Electric Refrigeration. This is the year to buy your new electric refrigerator. It will pay you to see your electric dealer today.

### INSIDE FACTS

1. **Faster Freezing** — ice in one-third the time and twice as much of it.
2. **Meat Safe** — A big covered compartment keeps a week's supply of meat fresh and juicy.
3. **Controlled Cold Plus Humidity** — puts an end to wilting, shrinking and changing color.
4. **Greater Storage Space** gives approximately forty per cent more refrigeration.
5. **Cuts Current Cost** — new economy units—80% of the time use no current at all.

## Insurance Accountant Examination Set

SACRAMENTO—A state examination for insurance accountant, which pays \$215 a month, will be held May 13. Louis J. Kroeger, executive officer of the state personnel board, announced. The employment occurs only with the state compensation insurance fund in San Francisco.

Applicants must have education equivalent to that represented by graduation from college including courses in accounting, insurance, or statistics and two years of responsible non-clerical casualty insurance experience in accounting or statistical work. Applications can be obtained from the San Francisco, Los Angeles or Sacramento offices of the State Personnel Board and should be filed by May 6th.

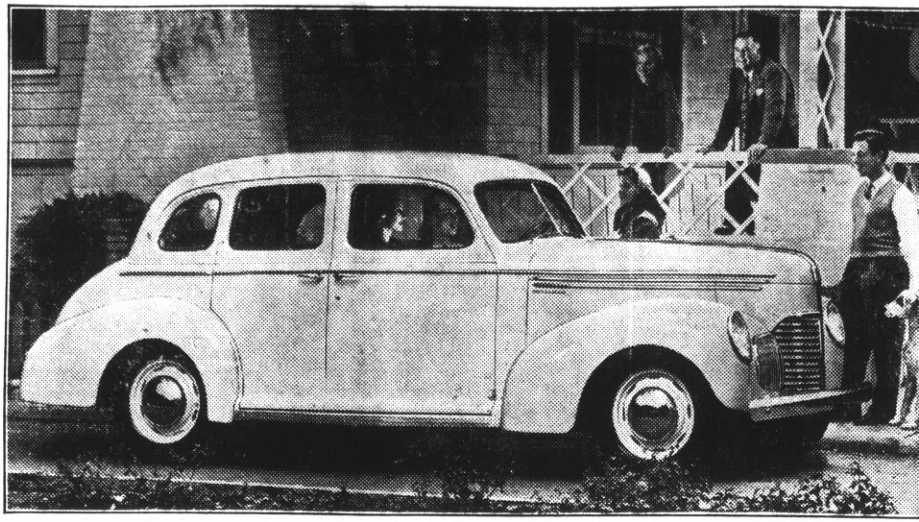

## JOB INSURANCE BUREAU RUNS OUT OF FINANCES

SACRAMENTO—Unemployment insurance payments to nearly 150,000 California workers were threatened today as the unemployment reserves Commission announced it may be forced to suspend operations April 30 unless additional administrative funds are granted by congress.

The announcement followed receipt of a letter from R. G. Wagnen, director of the bureau of unemployment compensation, Social Security Board, which advised that administrative funds would be exhausted from that date until July 1. A similar letter was directed to all state unemployment insurance agencies.

Leo Justice and John McNeely who were arrested about 11:30 on Thursday night by city officers on charges of being drunk and disorderly, were found guilty Monday in Police Court. McNeely was fined \$10 and Justice was fined \$25, in lieu of which he was ordered to jail for twelve and one-half days.

## Built to Go—and to Look the Part

STYLED FOR THE NATION'S YOUTH—The de luxe four-door cruising sedan shown above exhibits the smooth contours and balanced lines of Raymond Loewy's design for the new Studebaker Champion, which makes its bow in the lowest price field on April 1st.

## Studebaker Unveils New Car, "The Champion"

Studebaker has invaded the lowest price field.

Often rumored, this move by the country's oldest manufacturer of transportation, was confirmed here yesterday when the new Studebaker Champion was introduced to the public at the showroom of C. S. Collins of Georgetown and Placerville.

The new Studebaker is a six and its delivered price here places it in direct competition with the very lowest priced cars. In addition to its low price, the new Studebaker has merits of comfort, performance, economy and appearance that, according to Mr. Collins, augur for popular acceptance by the public.

"This new Studebaker is a new type of automobile," said Mr. Collins. "It has everything that the other full-sized automobiles possess, except useless weight. It weighs about 600 pounds less, because Studebaker engineers have designed a new car, starting from scratch, and by use of new materials and advanced design have taken out the unnecessary heft that gives nothing but added expense of operation."

The Champion will be produced in custom and de luxe editions and there will be three body models in each, a four-door cruising sedan, a two-door club sedan and a coupe.

"We have performance reports from more than three hundred thousand miles of travel of this new automobile," said Collins. "These figures are breathtaking. The Champion exceeds other full-sized cars in every department and is especially outstanding in gasoline economy. Tests show that the Champion delivers from 10 per cent to 25 per cent greater economy in all speed ranges than any Studebaker of history. This is without the advantages of overdrive, too."

There is abundant room in the Champion, indicated by a few random measurements such as front seat hip measurement, 32 inches; rear seat shoulder width being 33-3-4 inches; front seat leg room, 45-3-4 inches; rear seat leg room 44 inches. Trunk capacities are exceedingly large, there being 16.4 cubic feet of space in the sedans and 30.5 cubic feet of space in the sedans and 30.5 cubic feet of space in the coupes.

## MEN STUTTER MOST

CLEVELAND, O., (AP)—Nine out of ten of the 1,350,000 stutterers in the United States are men, Dr. James F. Bender, authority on stuttering, has revealed.

His survey shows that college students suffering from dysphemia or stuttering, made higher scores in intelligence tests than comparable groups of non-stutterers. It showed also that stammerers were less sociable and more emotional than persons with normal speech.

## Plane Crash Claims Two

(Continued from page 1)

eral hundred yards above where the concrete arch bridge carries the railroad across the river to the plant of the Mountain Quarries.

The victims in the crash were not immediately identified and the first trace as to their identity came when inquiry at the Auburn airport showed the Lowell family car parked there, and an attendant recalled having seen the two drive in and take off in the Kindopp ship.

There were a group of Sacramentans admiring the view from Aeolia Heights, in Auburn, at the time the plane hit the power line and crashed. These were the parties Corner Orelli sought to interview Monday.

It is reported the formal inquest is being tentatively planned for Wednesday evening.

Civil aeronautics authority representatives are reported to have stated, in connection with the crash that a plane crossing the American River canyon should have an elevation of 1,500 feet.

## ENGINE "FREES" DOG

ST. CLAIRSVILLE, O., (AP)—Teddy, the community dog that was sentenced to life in the County Children's Home by a two-judge court after a legal trial for failure to have a license tag, is dead, a victim of a railroad locomotive.

The dog, in court a year ago, was saved at the time by a high school group who filed legal papers and a trial, which attracted national interest, resulted. It had been a ward of the court at the Tacoma children's home for the past year.

## SCOUTING

Troop 67

Members of Troop 67, Boy Scouts their leaders and committeemen of the sponsoring organization, the American Legion, held a winner Scout Thursday night on the Matthew Miller property near the east city limits. Twenty-one Scouts, four leaders and three committeemen were present.

The "feed" and outing were given the boys by Committeemen at the instance of W. M. King, who promised the Scouts a winner roast if the troop before close of registration the troop before close of registration period, March 31. The troop now has a full registration of 32 boys with four full patrols.

## THE RECORD... Facts That Concern You

THE STORY OF  
**RELIEF**  
FROM  
**RELIEF**

FOR A MILLION  
BREAD WINNERS:

A MILLION JOBS  
MADE BY BEER

FROM coast to coast, Beer has helped in putting men back to work... into a million new jobs in six short years. Beer also each year buys the produce of 3,000,000 acres of farmland and pays a million dollars a day in taxes.

The brewers want to preserve these economic benefits. They want also to protect the public's right to enjoy beer and their own right to make and market it.

**BEER...a beverage of moderation**

FOR OVER 100,000  
FARM WORKERS AND  
FARMERS—JOBS AND A  
MARKET MADE BY BEER

BEER PAYS A MILLION  
DOLLARS A DAY TAXES  
NATION-WIDE

FOR 130 MILLION TAX-  
PAYERS (ALL OF US) A  
GREAT NEW HELP SINCE  
1933 IN CARRYING IN-  
CREASING TAX BURDENS

The brewing industry cannot enforce the laws. But they are cooperating with public officials to see to it that the retailing of beer gives no offense to anyone.

We would like to send you a booklet that describes the Foundation's unusual program of self-regulation. Address: United Brewers Industrial Foundation, 19 East 40th Street, New York, N. Y.
